

SETPOINT-Based Short Interest Measures

Copyright and Permission to Use

The included interest measures are the intellectual property of Daphne Xin Hou, Rong Su, and Louis Tay and are copyrighted by the authors. Permission to use the measures is granted automatically, for free, to all researchers and practitioners if used for noncommercial purposes (e.g., thesis or dissertation research that involves the translation and adaptation of the measures; career guidance in an educational setting). Appropriate credit should be given to the authors of the measures by referencing the publication below. Reproduction of the measures in another work (e.g., a journal article, book chapter, magazine, or any electronic source) and commercial use of the measures are not granted without permission from the authors. Users who wish to use the measures for these purposes may contact the authors: Daphne Xin Hou (houl2@purdue.edu), Rong Su (rong-su@uiowa.edu), and Louis Tay (stay@purdue.edu).

Note on Administration of the Measures

Scale names are included in this document for clarification purposes and should be removed when administering the measures.

Single-Item SETPOINT Scale (SISS)

Instruction:

People have different career interests. Below is a list of statements about a variety of work activities that may be of interest to you. Please indicate the extent to which each statement describes you on the following scale:

1 = not at all; 2 = slightly; 3 = to some extent; 4 = to a large extent; 5 = extremely well.

When responding, please only consider how interested you are in each area of work activities. Do NOT think about other factors, such as whether you have the skills to perform the activities or how much money you would make working in that area.

Health Sciences: I would enjoy activities involving life sciences (e.g., biology, physiology, gene structure), medical sciences (e.g., maintenance of health and prevention treatment of disease) or applying science to health care.

Creative Expression: I would enjoy activities involving one or more form(s) of creative and imaginative expressions (e.g., dancing, writing, painting, playing music, performing on stage, culinary arts).

Technology: I would enjoy discovering new knowledge in the natural or physical sciences (e.g., physics, mathematics/data sciences, astronomy), innovating technology (e.g., hardware design, software development, computer database/systems), or using technology to solve problems (e.g., autopilot, improving human-machine interfaces).

People: I would enjoy working with people, helping others (e.g., teaching, volunteering, assisting people in need), or understanding human behaviors and human society (e.g., ritual, culture, history, foreign language).

Organization: I would enjoy planning, organizing, processing information, or computing (e.g., coordinating people and resources, managing files and records, keeping financial accounts, calculating monthly balances, and arranging travel plans or accommodations).

Influence: I would enjoy leading, persuading, or influencing others (e.g., managing a team or organization, public speaking, running for a leadership position, marketing products or services to the public, defending a client against a legal charge).

Nature: I would enjoy engaging in activities involving outdoors or nature (e.g., farming, gardening, working with plants or animals).

Things: I would enjoy doing mechanical, hands-on, or physical work (e.g., operating machines/vehicles, building or repairing engines, loading, and unloading cargo/bags, training for sports).

Three-Item SETPOINT Scale (TISS)

Instruction:

People have different career interests. Below is a list of statements about a variety of work activities that may be of interest to you. Please indicate the extent to which each statement describes you on the following scale:

1 = not at all; 2 = slightly; 3 = to some extent; 4 = to a large extent; 5 = extremely well.

When responding, please only consider how interested you are in each area of work activities. Do NOT think about other factors, such as whether you have the skills to perform the activities or how much money you would make working in that area.

Health Sciences

1. I would enjoy studying the causes or treatment methods for diseases.
2. I would enjoy learning about and applying scientific findings to health care related issues.
3. I would enjoy learning about and designing medications or understanding their effects on patients.

Creative Expression

4. I would enjoy arts in many forms, such as music, visual arts, media, and interior design.
5. I would enjoy creating art for the sake of art itself.
6. I would enjoy activities that allow me to use my imagination to produce real-world outcomes and/or to express myself.

Technology

7. I would enjoy developing technical tools or providing technical solutions to others.
8. I would enjoy creating new knowledge in technology including hardware devices and/or software.
9. I would enjoy monitoring and resolving computer system performance or potential issues.

People

10. I would enjoy teaching a new set of skills or knowledge of a subject to others.
11. I would enjoy helping people in general.
12. I would enjoy volunteering in my community or participating in social activities.

Organization

13. I would enjoy planning and organizing business events and processes such as new employee orientations, interviews, conferences, or scheduling.
14. I would enjoy processing business information such as hiring-related paperwork, billing, payroll, or taxes.
15. I would enjoy providing personal event planning services that customize to clients' needs for travel, accommodations, special occasions, or recreational activities.

Influence

- 16. I would enjoy leading a group of people to achieve a goal.
- 17. I would enjoy negotiating a business deal.
- 18. I would enjoy taking on some political leadership responsibilities.

Nature

- 19. I would enjoy agricultural sciences or engaging in agricultural activities (e.g., using principles of soil science to conserve land, harvesting crops, monitoring soil and climate for various plants/crops).
- 20. I would enjoy being outdoors in nature.
- 21. I would enjoy working in forest areas or nature preserves.

Things

- 22. I would enjoy fixing mechanical problems on broken car engines or generators.
- 23. I would enjoy engaging in activities that involve physical effort.
- 24. I would enjoy engaging in physical labors or activities (e.g., loading/unloading, moving things, training for sports).

Basic-Interest Short Scale (BISS)

Instruction:

People have different career interests. Below is a list of statements about a variety of work activities that may be of interest to you. Please indicate the extent to which each statement describes you on the following scale:

1 = not at all; 2 = slightly; 3 = to some extent; 4 = to a large extent; 5 = extremely well.

When responding, please only consider how interested you are in each area of work activities. Do NOT think about other factors, such as whether you have the skills to perform the activities or how much money you would make working in that area.

Health Sciences

1. Life Science - I would enjoy the scientific study of life (e.g., biology, anatomy, cells).
2. Medical Science - I would enjoy learning about and working on medicine, disease or virus prevention, or other medical problems.
3. Health Care Service - I would enjoy helping with and/or caring for people's health in general.

Creative Expression

4. Media - I would enjoy expressing myself in the media in creative manners.
5. Applied Arts & Design - I would enjoy integrating arts and design into everyday life.
6. Music - I would enjoy engaging in music-related activities (e.g., writing lyrics, playing in a band, composing original pieces of music).
7. Visual Arts - I would enjoy activities involving visual arts (e.g., painting, drawing, ceramics).
8. Performing Arts - I would enjoy performing musicals, dramas, or dances in front of an audience.
9. Creative Writing - I would enjoy writing about creative ideas or stories.
10. Culinary Art - I would enjoy the process of preparing ingredients, cooking, or presenting food in an innovative style.

Technology

11. Engineering - I would enjoy solving root causes of engine failures or malfunctions.
12. Physical Science - I would enjoy the scientific study of the physical universe (e.g., astronomy, planets, physics).
13. Information Technology - I would enjoy obtaining or generating new knowledge of technology or computer sciences.
14. Mathematics/Statistics - I would enjoy learning about and working with mathematical knowledge (e.g., theorems, equations).

People

15. Social Science - I would enjoy the scientific study of human behaviors, human societies, or other related topics.

16. Humanities & Foreign Language - I would enjoy activities related to understanding the human world (e.g., reading about human histories and philosophies, experiencing different cultures, learning foreign languages).
17. Teaching/Education - I would enjoy engaging in teaching-related activities (e.g., course design, lecturing)
18. Social Service - I would enjoy engaging in social services (e.g., volunteering, helping others) to promote the welfare of others.
19. Religious Activities - I would enjoy serving the religious community that I am part of.

Organization

20. Human Resources - I would enjoy working with information and processes related to human resources (e.g., hiring, payroll, recording personnel data).
21. Personal Service - I would enjoy organizing and planning logistics to meet others' needs (e.g., travel arrangement, event planning).
22. Accounting - I would enjoy the process of recording financial transactions for a business or individual.
23. Office Work - I would enjoy organizing files, printing, photocopying, managing calendar schedules, and other office work.
24. Finance - I would enjoy analyzing financial information for organizations.

Influence

25. Management/Administration - I would enjoy leading or managing a team or an organization.
26. Business Initiatives - I would enjoy leading new business projects (e.g., a new line of products, business deals).
27. Marketing/Advertising - I would enjoy coordinating marketing-related activities to advertise an event, product, or idea.
28. Professional Advising - I would enjoy coaching others to develop professional skills or reach their professional goals.
29. Public Speaking - I would enjoy being the spokesperson for a group or organization.
30. Sales - I would enjoy learning and practicing tactics to be effective at selling a product, service, or idea.
31. Politics - I would enjoy leading a committee or city council in a political leadership position.
32. Law - I would enjoy using the knowledge of law or legislation to provide compelling arguments.

Nature

33. Agriculture - I would enjoy gardening or working on a farm or crop field.
34. Outdoors - I would enjoy working outdoors.
35. Animal Service - I would enjoy working for the betterment of animals.

Things

36. Mechanics/Electronics - I would enjoy repairing or maintaining a machine or engine using my hands and tools.
37. Transportation/Machine Operation - I would enjoy working in transportation or machine operation.

- 38. Construction/Woodwork - I would enjoy working on constructions or woodworks by hand.
- 39. Physical/Manual Labor - I would enjoy engaging in physical or manual labors (e.g., loading and unloading, packing, moving boxes).
- 40. Athletics - I would enjoy intense training to compete in sports.
- 41. Protective Service - I would enjoy providing protective services to others through investigating crimes or arresting suspects of criminal acts.
